

# CLASSES & CAMPS

Our programs are designed around teaching young people the game of golf, as well as helping them understand and ultimately develop The First Tee Nine Core Values: honesty, integrity, sportsmanship, respect, confidence, responsibility, perseverance, courtesy and judgment. Our curriculum was developed by experts in the field of positive youth development through sports and is delivered by caring adults (coaches) who have been formally trained by The First Tee.

At The First Tee, golf and life lessons are seamlessly incorporated into each experience. In addition to covering fundamentals of the golf swing and the game, a sample of life skills lessons include: communication, self-management, goal setting and overcoming challenges. Young people will experience a fun learning environment, a sense of empowerment to make decisions by exploring the implications of their actions, a positive relationship and rapport with coaches, progressive golf and life skills development.
